## Legal Business Name and Address

Sefalana Cash & Carry Limited
Plot 10038 Broadhurst Industrial, Corner Kubu Rd & Nelson Mandela Drive,
Broadhurst, Gaborone, Botswana

Contact Information:
Phone: 267 368 1700
Email: info@sefalana.com

## What Information are we Collecting

We use the WhatsApp Business API to interact with our customers. In the course of providing our services, we collect the following information:

- Username: To identify and interact with customers.
- Phone Number: For communication purposes.
- Service Usage Data: Information about the services our customers use, to better tailor our offerings and improve our services.

## Why we collect this Information

- Personalized Service: By understanding customer preferences and usage patterns, we can tailor our products, services, and communication to better meet individual needs.
- Marketing and Promotions: We use this data to design targeted marketing campaigns and promotions. By knowing which services customers use, we can offer relevant deals and recommendations that are more likely to resonate with our audience.
- Service Improvement: Analyzing service usage data helps us identify trends and understand which features are most valued. This information is crucial for making informed decisions about product development and improvements.

## Where we Store the Collected Data

Customer data is stored on our on-premises server. We retain this information for as long as necessary to fulfill the purposes outlined in this privacy policy, unless otherwise required by law.

## How we Protect the Collected Data

- Firewalls and Intrusion Detection Systems: Our firewalls and intrusion detection/prevention systems (IDS/IPS) monitor and control incoming and outgoing network traffic to prevent unauthorized access and malicious activity.
- Employee Training: We regularly train our employees on data security best practices, including recognizing phishing attempts and securely handling sensitive information, to minimize the risk of data breaches.
- Regular Software Updates: We ensure all software, including operating systems and applications, is up to date with the latest security patches to protect against known vulnerabilities.
- Data Backup: We implement regular and secure data backup procedures to ensure that data can be restored in the event of a breach or data loss incident.
- Secure Service from Meta: We use a secure service from Meta to manage chats and ensure the security of our communications.
- Antivirus and Darktrace: We use antivirus software and Darktrace to enhance our security posture and detect potential threats.

## How Users Can Opt In or Out

Customers have the ability to choose what communications they receive from us based on their preferences. To opt out of specific communications customers can use the “Opt Out Of” section provided in our communications.

## Whether or Not We Sell Collected Customer Information

We do not sell customer information to any third parties.
